Arvind S. Menon

Github, LinkedIn, Kaggle ‖ ✉ arvind6599@gmail.com

EDUCATION

- **Indian Institute of Technology Madras**, Chennai, India   *July 2017 – May 2021*
  Bachelor of Technology in Engineering Physics   CGPA: 8.91/10.00

- **Smt. Sulochanadevi Singhania School**, Mumbai, India   *July 2015 – Mar 2017*
  Indian School Certificate, 12th grade   Overall Percentage: 96.6%

- **Smt. Sulochanadevi Singhania School**, Mumbai, India   *Aug 2007 – Mar 2015*
  Indian Certificate of Secondary Education, 10th grade   Overall Percentage: 96.16%

PROFESSIONAL EXPERIENCE   VERIFICATION LINK -

- **Adobe**   Noida, UP
  Member of Technical Staff 1, Full-time   *Jul 2021 - Present*
  ○ Role of a software developer in the Adobe Experience Manager Forms workflow team
  ○ Working on development of client feature requests, fixing customer reported issues and setting up tests using automated testing frameworks

- **Adobe Media and Data Science Research Lab** #   Noida, UP
  Summer Research Intern   *May 2020 - Jul 2020*
  ○ Worked on a quantum machine learning research project titled "Q-means using variational quantum feature embedding". Offered a job offer as a full time software developer at Adobe.

- **Quantum Cryptography Project, QNu Labs** #   Bengaluru, KA
  Summer Project Intern   *May 2020 - Jul 2020*
  ○ Implemented a secure error correction method for the privacy amplification step in a Quantum Key Distribution system using C and Python

RESEARCH PROJECTS   PROJECT REPORT - [REPORT]

- **Online Estimation and Optimization of UBSR** [1][report]
  Guides: Prof L.A. Prashanth & Prof. K. Jagannathan, IIT Madras   *Aug 2020 - Present*
  ○ Presented as Bachelor's Thesis in my Senior year, and awarded the highest grade "S" (10/10)
  ○ Proposes stochastic approximation-based estimations schemes and stochastic gradient descent based algorithms for UBSR estimation and optimization, and derives non-asymptotic bounds on it's convergence

- **Q-means using variational quantum feature embedding**[report]
  Guide: Nikaash Puri, Adobe MDSR Lab   *May 2020 - Jul 2020*
  ○ The project theorized a hybrid quantum-classical algorithm to learn a suitable quantum feature map which simplifies complex large datasets, having valid applications in **customer segmentation** and **Cloud-tech** for Adobe products

- **Applications of Deterministic Annealing EM (DA-EM) algorithm**[report]
  Course Project, Guide: Prof. Sheetal Kalyani, IIT Madras   *Feb 2020 - May 2020*
  ○ Furthered the applications of the DA-EM algorithm in Wireless channel estimation for signals with non-Gaussian noise modelled using K-component Gaussian Mixture Models

- **Survey of Indoor Positioning Systems**[report]
  Independent Project   *Jun 2018 - Jul 2018*
  ○ Surveyed existing Indoor Positioning Systems and collected Received Signal Strength data in my home to create a 3D radio map using Octave and study it's dynamic nature

---

1: UBSR: Utility-Based Shortfall Risk

Arxiv preprints

(A1) Menon, A.S., Prashanth, L.A. & Jagannathan, K.P. (2021). **Online Estimation and Optimization of Utility-Based Shortfall Risk**. ArXiv, abs/2111.08805.[Arxiv]

(A2) Menon, A.S., Puri, N. (2020) **Q-means using variational quantum feature embedding**. ArXiv, abs/2112.05969.[Arxiv]

Relevant Coursework   G: Graduate level course

- **Data Science**:
  Pattern Recognition and Machine Learning^G, Advanced Topics in Artificial Intelligence^G, Data Structures and Algorithms for Biology, Fundamentals of Operations Research, Digital Signal Processing

- **Mathematics** & **Statistics**:
  Estimation Theory^G, Applied Statistics^G, Information Theory^G, Differential Equations

- **Pre-requisites:**
  Applied Linear Algebra^G, Functions of several variables, Probability Foundations for Electrical Engineers

Academic Achievements

- Secured an All India Rank of 1322 (top 0.5%) in the JEE Advanced 2017

- Awarded a gold medal for securing an All Indian Rank of 265 in the 2016 National Science Talent Search Examination [certificate]

Programming Skills

- **Languages**: Python, C, C++, R, SQL, MATLAB, Octave, Java, JavaScript, CSS, HTML

- **Data Science Tools**: Tableau, Hadoop, AWS, Azure, MySQL, TensorFlow, BeautifulSoup

Positions of Responsibility

- **Project Leader, Electronics Club [presentation]**   *Aug 2019 - Feb 2020*
  Centre for Innovation (CFI), the "Student Lab" of IIT Madras   Chennai, TN
  - Led a team of 6 students to create an IoT module named "Cloud Beacon" and Android application to float information in a local area with the aim of increasing accessibility of small businesses, provide contactless services and local information dispensing service.

- **Manager, Alumni Relations Cell [certificate]**   *Aug 2018 - May 2019*
  International and Alumni Relations, IIT Madras   Chennai, TN
  - Managed alumni events such as Reunions, Fundraising and Campus Tours for visiting alumni.
  - Designed the yearbook for graduating students and managed pre-graduation events for future alumni to help maintain a strong alumni network

Extra-curriculars & Interests

Sports
- Represented IIT Madras at InterIIT 2017 in High jump
- Part of the Institute Football Team at Chennai Sportfest 2019
- Captain of Department Football team and Hostel Athletics team .

Talks Gave a talk about student life and opportunities as an Engineering physics student at IIT Madras, on a **Webinar conducted by Tensors (student run NGO)** to facilitate prospective students and promote a friendly student community.[youtube]
